Congratulations on achieving 2018 Level 2 participant in the MNOSHA and Associated General Contractors of Minnesota (AGC of MN) partnership program. This partnership recognizes the importance of providing a safe and healthful work environment in the construction industry. The Construction Health and Safety Excellence (CHASE) agreement is the basis for the partnership. The goals of the partnership are:

1. To reduce the number of injuries, illnesses, and fatalities.
2. To increase the number of general and specialty contractors who implement effective safety and health programs.
3. To recognize those contractors with exemplary safety and health programs.
4. To promote open lines of communication.

I would like to congratulate all members of your organization in obtaining Level 2. This indicates a strong desire to work within your organization to improve overall safety and health. It is this type of dedication toward safety and health which will make your organization strong and successful.

Sincerely,

Jeff Isakson
MNOSHA Partnership Supervisor
